

Fatigue. Transition. Unexpected circumstances... A unique option for necessary time out.

# ERGATA

# Space and Grace

**FOR WORKERS  
IN MISSION**

**ON THE BORDERS OF THE BEAUTIFUL YORKSHIRE DALES,  
NW ENGLAND, WE OFFER AN INFORMAL, SUPPORTIVE PLACE OF  
"SPACE AND GRACE" WHERE MISSION WORKERS CAN  
REST, RETREAT OR RECOVER.**

Living alongside our family in a former guesthouse, this home has both separate spaces and communal areas. Plenty of room to withdraw but time to be together too.

- En-suite rooms
- Guest living room
- Meals provided
- Individuals and families welcome
- Short or extended stays

Views and sheep surround but with just a mile to the village of Ingleton,  
there are hills, waterfalls, caves and cafes all within easy reach.

# YOUR HOSTS:

Mark and Judith Woolley with 2 sons, Seth and Silas, spent 7 years working in Asia with WEC International. They returned to the UK in 2012 with an idea to provide space and grace for mission workers that could do with some. Although not quite sure how it could happen, they just kept on praying and waiting and resisting the urge to get busy with something else. A wonderful provision later and, still with WEC, they now share their time between keeping this open home, walking the hills and volunteering for a local arts charity.

- Sensitive to the challenge of cross-cultural life and ministry
- Keeping a daily rhythm of prayer – you'd be welcome to join us.
- No formal programme or counselling (although we are trained in debriefing).
- It's just that space and grace with food on the table and a listening ear if required.

We don't charge, but we gladly accept donations towards simply covering some costs.

Suggested donations for one adult are currently £  per night.

Accompanying adults and teenagers 50%. Children even less.

Pick-up from Lancaster Rail or Coach Station or Leeds, Manchester or Liverpool Airports can be arranged.
